

Forty-something homemaker Carolyn Blue is through with cooking and cleaning. She's finally decided to throw in the dishtowel and take on a dream job as food writer. Now her plate is filled with exotic locales, delectable foods, and even a dash of crime to taste. She could very well get used to this. It was a perfect arrangement. Carolyn had already planned to accompany her husband to an academic conference in New Orleans an event that meant visiting old college pals. So why not use the opportunity to write a story about Cajun cuisine? But just as she gets a taste of Creole, she gets a bite of crime! Her friend Julienne disappears at a dinner party. True, she had been fighting with her husband, but this only worries Carolyn more. Now, she has to put her taste-testing aside to search for answers and the trail leads her right to an alligator swamp. Carolyn better act fast, because in these parts, it's eat or be eaten! Includes over a dozen delicious Southern recipes!
