

Anthropologist John Fox sets off on a worldwide adventure to the farthest reaches of the globe and the deepest recesses of our ancient past to answer a question inspired by his sports-loving son: Why do we play ball? From Mexican jungles to the small-town gridirons of Ohio, from medieval villages and royal courts to modern soccer pitches and baseball parks, *The Ball* explores the little-known origins of our favorite sports across the centuries, and traces how a simple invention like the ball has come to stake an unrivaled claim on our passions, our money, and our lives. Equal parts history and travelogue, *The Ball* removes us from the scandals and commercialism of today's sports world to uncover the true reasons we play ball, helping us reclaim our universal connection to the games we love.
